## Multifunctions Suspension Base

### **GLOSS**

Properties of gloss are immediate and have a high rate of reflection. Gloss sustains over a long period of time.

With excellent resistance and luminosity, this suspension base allows for longer wear time, with an exquisite high-shine finish and consumer acknowledged dry time.

### **Formulated without**

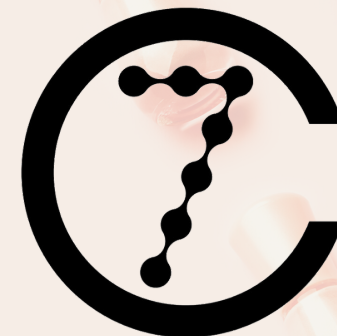

- Toluene
- Formaldehyde
- DBP
- Camphor

### **APPLICATION**

This self-leveling formulation allows for an even distribution on the nail.

### **FORMULATION**

With durable film coating for wear resistance and gloss retention over a long period of time.
